To the offices of Governor, Lt. Governor, and Insurance Commissioner,

We have been concerned over the issue of medical malpractice insurance. =
According to an article in the New Albany Gazette, the Creekmore Clinic =
may have to shut down after their current malpractice insurance expires, =
due to the fact that no insurance company will sell them malpractice =
insurance because they are located in Mississippi. This, in turn, will =
seriously affect the Baptist Memorial Hospital-Union County, decreasing =
the overall state of health care in this portion of North Mississippi. =
Since these insurance companies deal with health practitioners =
state-wide, this will probably not be an isolated case. This will cause =
badly-needed health practitioners to leave the state, something we can =
ill afford. =20

There is legislation that has been presented to the legislature that =
will allow health care professionals to purchase affordable malpractice =
insurance and continue to serve their patients in the smaller, more =
rural communities of this state. We believe this legislation is known =
to you. What we ask is that this legislation be considered by the full =
legislature and, if passed, be signed into law by you. A special =
session of the legislature, while costly, may be what is necessary to =
keep health care available and affordable in Mississippi.

We aren't asking for special privilege or special consideration. We =
just want to keep our doctors and nurses here. Thank you for your =
consideration.

Respectfully,
Richard & Regina Watts
Earl & Kathy Cooper
Dumas, Mississippi
